### Quality Policy Statement

Acorn MPS conducts project management, fabrication, installation, maintenance, repair and service of industrial and commercial mechanical and electrical installations through the UK.

The Managing Director is dedicated to providing all clients with services which conform in all respects to their expectations and the company operates a management system which meets the requirements of ISO 9001:2015 and continual improvement.

This Policy, together with all other components of the Company Quality System are mandatory and will be observed by all who act, in whatever capacity, on behalf of the Acorn MPS. No deviation from prescribed procedures should take place without authorisation of a Director.

The Managing Director accepts responsibility for communicating to all staff involved within Acorn MPS commitment to quality and for ensuring that the Quality Policy is understood, implemented and maintained. The Director has formally made this commitment towards the achievement of Objectives and continual improvement in services provided.

Objectives will be reviewed and analysed within the six monthly management review meeting. Given the progressive nature of the company management system, management undertakes to adopt any relevant improvements and developments which will serve to keep the Company at the forefront in all quality matters.
